Our Learning

Kdg. students are working hard on their numbers and letters and are eager to learn. I am enjoying the two Kdg. students I have this year.

2nd grade Reading--This student is making good progress with his short-vowel words. He is off and running!

3rd-grade Reading -- We have recently finished the Sundance series of readers. This officially puts them at the fluent level.

OK, some are a little more fluent than others, but we are all making progress.

4th grade Reading -- We are discovering that we can read an entire book in a day or two! We are working on summarizing what we have read.

Grades 3 & 4 Math -- We are all working on multiplication and division. The Reteach lessons give us a chance to make sure those grade-level skills are understood and practiced.

Reminders

Nov. 5 -- Picture Retakes

Nov. 6 -- $\frac{1}{2}$ day for students

Nov. 8 -- Family Fun Night

6:00-8:00 pm

Nov. 11 -- PTO meeting
@3:00

Nov. 27--Dec. 1 --

Thanksgiving break

All math students should have a set of multiplication facts flash cards at home that they are working on.

Most of the Dollar Stores have them for \$1.00. You can also download them from the internet to make your own. Practice is vital.

Home-School Connection

It was good to see so many of you at Parent-Teacher conferences. If you missed a conference with me, please feel free to call me to set up a time after school to meet.
